IKE RETURNS TO WHITE HOUSE

President and Mrs. Eisenhower left their farm home shortly before 2 o'clock and returned to the White House after spending a restful weekend here. They arrived last Thursday afternoon.

One of the important appointments the President has for Tuesday is a consultation with his doctors on the effects of a mild stroke he suffered three weeks ago and whether he has improved sufficiently to make it safe for him to fly to Paris for the NATO summit conferences. Most everyone believes the doctors will give him the green light to make the trip.

When the President was stricken, the State Department said it was being taken for granted he would be unable to attend the conference opening in Paris a week from today.

In response to questions press secretary James C. Hagerty said he assumed the planned checkup will be made at the White House rather than at Walter Reed Army Hospital in Washington. He said no specific time had been set for it.

Before his illness Eisenhower had been scheduled to arrive in Paris next Sunday. Indications now are that if his doctors give a go-ahead for the trip he may leave Washington Friday and arrive in the French capital Saturday.

PROBERS TOLD OF DYNAMITING OF BARBERSHOP

WASHINGTON (AP) — Senate investigators were told today about the dynamiting of both a nonunion barbershop in Nashville and of \$100,000 worth of equipment belonging to a Nashville contractor who refused to sign a labor contract with the Teamsters Union.

Elzie R. Clements told the Senate Rackets Investigating Committee that his barbershop on the outskirts of Nashville was destroyed by a dynamite blast.

He also testified that earlier in the year, after his refusal to join the Barbers Union, the windows of his shop were smashed three times and once his clippers and other tools were destroyed.

Tells Of \$100,000 Loss
Clements said he told law enforcement officials in Nashville about the incidents but was unable "to get any satisfaction."

He said he was told "they didn't want to mess with labor trouble." Under persistent questioning by Sen. McNamara (D-Mich.), Clements said he was unable to name any police official who told him that.

Clements testified in the committee's inquiry into labor violence in the South after a contractor said saboteurs dynamited \$100,000 worth of his equipment on federal property soon after he refused to sign a contract with the teamsters.

No Arrest Made
"We felt that it arose out of this dispute," Robert McDowell of the contracting firm of McDowell & McDowell told the Senate Labor Rackets Investigating Committee. "They were the only ones we had any misunderstanding with."

He said he knew of no arrests ever made by the police in the case.

McDowell said the blast came without warning on Labor Day 1953 on property of the Tennessee Valley Authority. He said this was six weeks or two months after he had signed a labor contract with a rival union, John L. Lewis' United Construction Workers, instead of the Teamsters.

The contractor said he had refused to sign with the Teamsters on advice of counsel that the contract demanded by that union's Local 327 in Nashville would have been "a closed shop agreement in violation of both federal and state law."

8 Children Perish In Fire; Mother Was With Another Man

PARK FALLS, Wis. (P)—Eight children perished in a fire that destroyed their frame home yesterday, and today Dist. Atty. Carl Bjork said the mother will be charged with neglect. Bjork said she was in a parked auto with another man when the house went up in flames.

In view of the circumstances, he said, there was no alternative but to take the mother, Mrs. Ardetta Klein, 38, into court on the charge.

Killed were Harvey Jr., 10; Gary, 8; Barbara, 7; Curtis, 5; Valerie, 4; Nina and Ninette, 2-year-old twins; and Thomas, 1. Park Falls is about 50 miles south of Ashland on Wisconsin's northern tier.

Trapped In Home
The flames that reduced the four-room frame home to ashes, catching the eight children in their beds, were beyond control when discovered by neighbors about 5:30 a.m.

Bjork and Sheriff Andrew Pilch said that Mrs. Klein had been in a tavern at Park Falls, three miles from the house, until the bar closed at 1 a.m. Sunday. She then rode back to her home with a local man, Bjork said, then left again.

The district attorney said that the man told him the battery of his car went dead about a quarter of a mile from the house, and that they stayed in the car until they were rescued by a neighbor. She started for the building on foot and was picked up on the road by a Park Falls policeman who had seen the glow of the flames from the city, Bjork said.

Authorities said she had to be restrained from entering the burning house. She fainted and was carried to a neighbor's home and revived.

"I'm sorry I wasn't burned up with the children," she told authorities.

The father, Harvey Klein Sr., 40, a lumberjack, was at a lumber camp about 30 miles north of Park Falls. He had been working there several days.

PUSH PLANS FOR NATO SESSIONS

PARIS (P)—NATO's Permanent Council today began week-long hush-hush meetings to prepare for the Dec. 16 summit session of the alliance.

They met under as gloomy circumstances as diplomats could remember since the alliance was founded in 1949.

Ambassadors imposed a security blackout on their discussions in the Palais de Chaillot, but it was understood they have begun a review of the American working paper for next week's session of the chiefs of governments.

This paper, most of the contents of which have been disclosed in Washington, has so far failed to arouse any enthusiasm.

Its main section, informed sources said, pledges the United States to work for congressional loosening of the MacMahon Act to permit President Eisenhower to share nuclear information, materials and scientists with friendly nations.

Riots And Strike Break On Cyprus

NICOSIA, Cyprus (P)—Students rioted and thousands of workers went on a 24-hour general strike as Greek-Cypriots marked the opening of this British-held island's troubles.

The general strike was called by EOKA, the Greek-Cypriot rebel organization. It crippled Greek Cypriot sectors in Nicosia and several other parts of the island. EOKA pamphlets called for closing all shops, except food stores, for two hours this morning.

Stamp News

By SYD KRONISH
The Associated Press

STAMPS KNOW NO SEASON. But Christmas must be just around the corner when the annual Christmas seal stamps are issued to a generous public.

The 51st annual Christmas seal set produced by the National Tuberculosis Assn. will have two basic designs. One features Santa Claus against a background of evergreen boughs and Christmas ornaments. The other shows a little girl with a similar background. The colors are yellow, red, light green and dark green.

It might be pointed out to neophyte collectors that these stamps are not postage stamps but rather "poster" stamps.

Many nations throughout the world issue official stamps called semi-postals with the additional values going to such worthy causes as anti-tuberculosis, the Red Cross and children's welfare funds.

In the United States, however, the emphasis is on private enterprise and these duties are taken out of the hands of the Post Office Department. Many philatelists nevertheless save Christmas seals and have valuable collections.

Belgium soon will issue a set of stamps honoring Gen. George S. Patton, famed World War II leader of Allied troops. The set will consist of five values—1-franc plus 50-centimes, 2.50-fr plus 50-c, 3-fr plus 1-fr, 5-fr plus 2.50-fr and 6-fr plus 3-fr.

Each stamp will depict the grave of Gen. Patton, his memorial at Bastogne and his portrait.

The Smithsonian Institution sent 12 frames of philatelic rarities to the National Postage Stamp Show in New York City Nov. 22, 23 and 24. One frame displayed for sale sheet of the 2-cent Columbian Exposition issue of 1893.

Two new stamps have been issued by Czechoslovakia, reports the New York Stamp Co. One stamp, a 60-horuna black and red, commemorates the 90th birthday of famed Czech poet Peter Bezruc.

The other adhesive is for the '23rd International Motorcycle race. The 60-h gray and blue pictures two cyclists.

Gravediggers Being Bribed In Moscow

MOSCOW (P)—Izvestia reported today that caretakers and gravediggers at Moscow cemeteries have been taking bribes to find space for the dead.

The government newspaper said two cemetery directors have been convicted, five others arrested and 20 dismissed for demanding and accepting bribes from grieving relatives. Space is at a premium in the city's graveyards.

Izvestia cited the case of a grandmother who paid 100 rubles to arrange for burial of her granddaughter. Another woman paid 200 rubles to have a fence built around a grave, Izvestia said, and the fence was provided by "hoodlums" who tore it from another grave.

NEW YORK (P)—Stock market prices sagged slightly in quiet trading after a moderately active opening today.

Losses among pivotal issues went from fractions to around a point or so. There were a few small gainers.

Aircraft were the most actively traded group as plans were afoot for several missile tests this week following last week's failure with the Vanguard project.

SULTAN ATTAINS HIS SUCCESS BY DOING NOTHING

By TOM HENSHAW
AP Newsfeatures Writer

Sidi Mohammed ben Youssef became sultan of Morocco by doing nothing.

He's been achieving remarkable success by doing nothing ever since.

The French administrators of Morocco picked him for the throne in 1927 over the heads of two elder, but supposedly less tractable, brothers.

They kicked him out in 1933 when he refused to apply the royal seal to anti-nationalist decrees handed down to him by the Paris government.

And, finally, he returned in triumph as constitutional monarch of a newly independent Morocco after two years of leisurely, do-nothing exile in Corsica and Madagascar.

Symbol Of Nationalism

While the free-spending, autocratic sultan is not exactly beloved of his people, he can afford to do nothing since he is their symbol of nationalism and independence.

Ben Youssef the lukewarm nationalist dates from World War II.

Before that time he was content to let the French rule while he toyed with his hobbies: money, fast cars (he owned 56 at one time), tennis and women (two wives and uncounted concubines).

But after the war he was to tell the French: "The protectorate regime is a suit tailored for the Morocco of 1912. In 1945 it hardly reaches the knees."

French Are Angered

His stubborn refusal to crack down on the Istiglal (independence) movement angered the French. Resident-General Alphonse Juin is reported to have told him: "Do as I ask or abdicate." Ben Youssef wouldn't do either.

The French hustled him into exile so fast he was wearing only pajamas as he boarded the plane. Two wives, 22 concubines, three daughters and five sons of baggage followed on a later plane.

If the French thought the sultan's ouster would dampen nationalist feeling they were mistaken. As an exiled martyr, Ben Youssef became a near deity to the terrorist bands that roamed Morocco in the name of independence.

French Brought Him Back

The French were forced to return him to the throne and grant independence as the easy way out. And Ben Youssef had a good word for his former protectors: Independence, he said, "does not mean breaking our bonds with France."

Ben Youssef is 48 and the 18th sultan of the Alaoui dynasty which has ruled Morocco, with or without help, since the 17th Century. Like the rulers of Jordan, Iraq, Yemen and Libya, the Alaouites claim direct descent from the Prophet.

The sultan is a devout Moslem but wears an odd combination of traditional Moroccan robes and western dress. He has never taken an alcoholic drink and reads the Koran several hours daily.

His two wives (half the allowable Moslem number) and concubines live secluded, veiled lives but his four daughters (one born during the Madagascar exile) are becoming westernized.

The oldest, Princess Lalla Aicha, is the leader of a movement for the emancipation of Moroccan women. She has even had her picture taken in a bathing suit, a shocking departure from Moslem custom.

BORROWERS AND LENDERS

BEAVER, Okla. (P)—The Beaver Fire Department has sent out an appeal for all those who borrowed equipment to return it.

It was pointed out that their might be a fire sometime and there would be nothing with which to fight it.

ARLINGTON, Va. (P)—You've got to say one thing for Elmer M. Fitzgerald of Boyds Tavern, Va.—he tries.

Police picked him up for pasting a block of green trading stamps on his windshield, instead of a car inspection sticker.

Rescue 6 Students From Flooded Cave

KETTLEWELL, England (P)—Rescue workers splashing through a flooded cave today found six college students—including two girls—who had been trapped for 45 hours in a maze of chambers and tunnels 400 feet underground. All were alive and well.

The first student brought out, Peter Clough, 18, said the group clung to ledges to stay clear of waist deep water swirling through the passages. They had lost all track of time, he said, and thought this was midday Sunday.

Clough told rescuers his companions were quite well. They were being led out, a task expected to take about five hours.

The students went into the cave Saturday. Heavy rains fell, and loosened stones blocked one possible exit. Water rushing into the cave made it impossible for them to reach another exit. Their rescue became possible when the water level receded.

TOP DEMOCRATS ACT ON VACANCY

HARRISBURG (P)—Pennsylvania's top Democrats came to Harrisburg today to act on the proposed nomination of Sen. John H. Dent to fill a vacant congressional seat in Westmoreland County.

The group, members of the 36-man Democratic State Executive Committee, were expected to back Dent's endorsement by the Westmoreland County Democratic Policy Committee for the seat of the late Rep. Augustine B. Kelley, Greensburg Democrat.

Usual party policy in such cases is for the state executive group to follow the lead of the county organization in making the nomination.

The Democratic candidate will oppose Republican Herbert O. Morrison, Scottsdale, in a special election to be held Jan. 21.

Democrats hold a 50,000-vote edge in registration in the county. Kelley held the congressional seat continuously from 1941. The special election will fill the vacancy only for the balance of Kelley's term. A full two-year term will be decided at general elections next year.

Dent has been a member of the General Assembly since 1934. For the past 17 years he has been Democratic floor leader in the Senate.

800 Indonesians Stranded On Ships

SINGAPORE (P)—Nearly 800 Indonesians and their families have been stranded in Singapore aboard 27 ships of the Dutch KPM Line. The ships were diverted after the Indonesian government took over the Dutch line in Jakarta after Communist-led workers seized its headquarters and ships in Indonesian waters.

A KPM spokesman said he was awaiting instructions from Amsterdam on ways of getting the passengers to their destinations. He added that 156 Indonesian soldiers and policemen and their families stranded on KMP vessels have been put on other ships to reach their destinations. Another 63 soldiers are still in Singapore.

He retired from the bench in 1941. He visited his law offices daily until the September operation.

Henry was active both in banking and Masonic circles. At the time of his death he was chairman of the board of the Lebanon Valley National Bank. He had held both state and national offices in Masonic orders.

400,000 STRIKE

COLOMBO, Ceylon (P)—Four hundred thousand tea and rubber plantation workers struck today in a 24-hour demand for pensions and shorter working hours.

A spokesman of the Ceylon Workers' Congress said the walk-out had halted work on 75 per cent of the plantations in the main tea and rubber growing areas. However, members of the rival Democratic Workers Congress stayed on the job.

Police rushed reinforcements to the areas affected, fearing clashes among the rival unions.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO
Mammotth Calf: A few days ago Mr. Jacob Group, of Menallen township, had a calf slaughtered, 11 months and 10 days old, which weighed 475 pounds, and the hide weighed 91 pounds. It will be hard to beat old Menallen in this particular.

Mr. Francis Cunningham, of Freedom township, shot on Monday week a large Eagle which had been lurking in the neighborhood for several days. It measured 7 feet 4 inches "from tip to tip."

On Friday last we had the gratification of listening to an eloquent discourse, in the Presbyterian church, by that aged and respected divine, Rev. R. N. Grier, who has for nearly half a century ministered to the Presbyterian congregations of Emmitsburg and Piney creek. We were rejoiced to find no diminution either in his physical or mental vigor, and have never listened to him, in years long past, with more satisfaction.

The Spirit Of The Times: We understand that Capt. R. M. Curdy, of this place, and James King, Esq., of Hunterstown, have purchased twenty acres of land at \$50 per acre, from Mrs. Criswell, four miles from Gettysburg on the line of the Railroad, on which they intend erecting a large warehouse, early in the spring, for the accommodation of produce upon the completion of the Railroad. It is said to be one of the finest sites on the line for that purpose.

SEVENTY-FIVE YEARS AGE
Teachers' Institute: The Adams county Teachers' Institute met in the court-house Monday afternoon and was called to order by county superintendent Sheely. After prayer by Rev. Stawinski, Mr. Sheely delivered an address of welcome.

J. Curtis Hildebrand, Calvin Hamilton, A. A. Parr, Miss Seabrook and Miss Warren were at pointed a committee on organization and reported the following officers:

President — Capt. J. F. McCree.
Vice Presidents: Thos. D. McCree, Peter Keady.
Secretary: J. Louis Sowers.
Assistant secretaries — Miss Phoebe Norris and H. H. Spence.

Treasurer — Aron Sheely.
Prof. Hege delivered his first lecture on Mind.

At night Dr. Tiffany, of Philadelphia, lectured to a large and appreciative audience on "Work and Its Worth." It was a strong, robust, healthy lecture, sound in sentiment and a real treat in these days of common place platform speakers.

The College Glee Club entertained the audience with capital vocal music.

Fairfield Items: Winter has certainly begun in earnest and is not lying in the lap of Spring. With the exception of Saturday last it has been cold for the last week. Will some corn to husk in this neighborhood.

Daniel Stoner killed a large rattlesnake on Saturday last that had failed to reach winter quarters. At the public sale last week of H. Wahter, cows brought as high as \$90.

Mr. George Biesecker, who has been working at Altoona during the summer, returned home last week.

Mr. Samuel Grove raised 69 bushels of clover seed this season. Mr. Ephraim Harbaugh caught a wildcat on Wednesday evening in a trap.

Messrs Walter White & Co. have sold over 1,400 head of cattle this season.

The First Union Sabbath School of this place, which holds its sessions in the Lutheran church, numbers 85 scholars. They propose holding a Christmas festival on Christmas eve.

Highland Items: H. A. Delap has sold nearly 5,000 heads of cabbage and between 300 and 400 bushels of tomatoes this season, chiefly in the Gettysburg market.

Thomas Bell is preparing to remove with his family to Washington city in the spring. He has been employed for the last 16 or 17 years as sexton at Lower Marsh

Today's Talk

ON ENCOURAGEMENT

I read many books for encouragement. I like many friends for the same reason. Encouragement is one of the essentials of life. Even Nature demands encouragement. If it fails to get, it goes its own way but not so well as it would with encouragement. Put your heart into a flower and its color and perfume become enriched.

All workers do better when encouraged. Encouragement is a lifting thing. The child responds quickly to the smallest encouragement. So do the greatest of human beings. Encouragement is the food that nourishes both mind and heart. The encouragement you give to another rebounds and you have encouraged yourself!

No matter how great an actor might be, if he, or she, got no applause for his or her act neither could he be long at his or her best. It is the encouragement we get from others that keeps us going. We, who get this, climb many a mountain. How wonderful is the response of a dog when you pat him and talk kindly to him. How interpreting are those honest eyes! We human beings melt away in spirit when we get no encouragement from others.

Thomas Hardy once stated that had it not been for the encouragement George Meredith gave him soon after his first novel, he probably never would have decided on a literary career. It is not easy to measure all that we owe to others for their encouragement to us. All I can say is that they are multi-blessed!

Encouragement is spiritual medicine, but it's our friends, not the doctors, who prescribe it for us, and we turn about and prescribe it for them!

Tomorrow Mr. Adams will talk on the subject: "Heroes"

Just Folks

ANSWERING HER QUESTION
There are so many things, my dear,

I want on Christmas Day;
To name them all I really fear.
For you might run away.
Now, first of all I want from you
A rousing, smacking kiss.
And then I want a hug or two—
Say something just like this.

Then afterwards, if you have time,
I want a loving smile.
Then on my knee I hope you'll climb
And linger there awhile.

And you can give my cheek a pat
And give my beard a tug;
If you're not weary after that,
I'd like another hug.

What! Don't I wish for diamond rings
Or splendid books to read?
Or any of those costly things
That some folks think they need?

The thing I want you couldn't buy.
All price it is above.
I only want, until I die,
To know I have your love.

MAY INCREASE PAYROLL TAX

HARRISBURG (AP)—Pennsylvania employers today faced the prospect of a possible boost in the payroll tax from an average 1.6 per cent to 2.2 per cent on Jan. 1. The Bureau of Employment Security reported over the weekend that the increase may be necessary under the jobless benefits law because of heavy drains on the fund.

Director John F. Adams said the fund balance was \$361,700,000 week and that there is "no sign of any improvement in the labor market."

Under the unemployment compensation law when the fund balance drops below 350 million dollars increased payroll taxes go into effect automatically.

"It appears to be touch-and-go at the moment," Adams said. "And it might take us up to Dec. 28 before we really know the answer."

Unemployment compensation claims now are running nearly 50 per cent ahead of this time a year ago. There were 168,245 claims for the week of Nov. 22, amounting to payment of \$4,658,003 in benefits.

The number of claims was \$8,506 more than those for the same week in 1956.

At least 12 persons were killed on Pennsylvania highways over the weekend. An elderly couple died in a fire and an 84-year-old woman died in a bathtub after a heart attack.

VIOLATORS OF BLUE LAWS TO BE ARRESTED

ALLENTOWN, Pa. (AP)—Dist. Atty. Paul McGinley of Lehigh County maintained today that employees and employers of 14 businesses would be served with warrants for violation of a state law against Sunday sales.

With police officers he toured the 14 businesses yesterday and took names and addresses. There were no arrests and none of the businesses was told to close.

McGinley said last week that he would enforce a 1794 Blue Law against business on Sundays. He also said he would ask for state police help. He was accompanied yesterday by local police only.

Stores Cancel Plans
The prosecutor paid his first call at the discount house "Two Guys From Harrison" in suburban Whitehall Twp. It was over the Sunday operation of this business that two city department stores announced plans to open on Sundays through the Christmas rush. The two later canceled the plans.

McGinley's detail also visited five bowling alleys, a discount house in Coplay, another known as The Bargain Center and an annex of The Bargain Center.

A spokesman at a furniture store where the men stopped pointed out that no business was being done but that prospective customers were viewing items available for sale during the week. The spokesman said it was "like any art gallery."

Will Resist Enforcement
McGinley said he was operating on a "definition of necessity" in Lehigh County. He said grocery stores and pharmacies selling needed items would be allowed to remain open.

"Two Guys From Harrison" said it would continue to be open on Sundays and would resist enforcement of the Blue Law. A statement by attorneys said: "The intention of the store is to defend vigorously against any prosecution because it is obvious that this particular store has been singled out and is being discriminated against."

McGinley said the warrants would be served during the week.

87 HOSPITALS GET MILLION IN STATE BONUSES

HARRISBURG (AP)—Some 87 Pennsylvania community hospitals were on the receiving end today of more than a million dollars in bonuses.

Aud. Gen. Charles C. Smith reported over the weekend that the money represents what was left over from the total appropriation for free patient service by all state-aided hospitals.

Under a new law, money not used by some hospitals becomes available to others which have given more free service than their particular appropriation provided.

Smith said the funds will be disbursed as soon as the Welfare Department approves allocations. The unexpended balance in the 1955-57 appropriation was \$1,421,801. Smith said the 87 hospitals have exceeded their individual allocations a total of \$1,190,825.

The allocations:

Intensify Efforts To Fire Satellite; Strive To Stop Publicity Before Launching

By RICHARD WESLEY
WASHINGTON, D.C. (AP)—Army and Navy rocket scientists intensified their efforts today to match Soviet achievements in space in the wake of Friday's satellite launching fizzle.

There were strong indications that efforts would be made to keep the glare of worldwide publicity off the projects until a U. S. satellite is fired into the skies where two Russian Sputniks now are whirling around the earth.

There has been no official confirmation that the Army will move actively into the satellite-launching effort, but an informed civilian source said the Army has been given firm orders to go ahead.

Had Vague Orders
Heretofore the U. S. satellite program has been under exclusive direction of the Navy, now preparing for a new launching attempt after the test failure at Cape Canaveral, Fla.

Officially, the Army has been under somewhat vague orders to prepare for a satellite launching. Army missilemen will use their Jupiter-C test vehicle—a rocket device they have claimed could have beaten the Russians into space by six months.

Target dates for new launching attempts by either the Navy or the Army appeared unlikely to be announced in view of the controversy over the wide publicity which preceded the Navy Project's failure.

Full Report To Ike
President Eisenhower was expected to receive a full report on the Navy's Vanguard test failure within the next couple of days. He already has received a brief preliminary report, not made public.

Vice President Nixon called for Americans to abandon a "defeatist and self-deprecating attitude" he said he found after Friday's satellite fizzle.

Stressing that Vanguard is a scientific and not a military project, Nixon said Americans should leave their "weeping walls" and get on with a missile program that will top the Russians.

Busy Week Ahead
"Sure we failed," he said. "We have before and we will again. But we need to keep our sense of proportion. We haven't overnight lost our sense of proportion, or ability to get things done."

At Cape Canaveral, meanwhile, a bustle of activity appeared to signify a busy week ahead in other missile fields. Newsmen observing the American missile test center speculated that launchings

might include both the 1,500-mile Jupiter and the Air Force Atlas—a 5,000-mile-range weapon.

There also were signs of preparations for firing an Army Redstone 200-mile range rocket and an Air Force 1,500-mile Thor, observers said.

End Briefing Saturday
Spokesmen at Cape Canaveral ended their briefings for newsmen on the Vanguard project Saturday with an announcement that further information would have to come from project headquarters in Washington.

Announced success in test-firing a Thor late Saturday lightened the gloom over the Vanguard failure. The Pentagon called the Thor firing a success, but later qualified the announcement by saying the missile had fallen short of its assigned target—how much short it didn't say.

That Thor was said to be the first U. S. missile with an inertial guidance system—a technical marvel permitting extreme accuracy in flight control.

The A-C Sparkplug Division of General Motors Corp. announced in Milwaukee that Air Force orders had been received for volume production of such guidance systems for the Thor missile.

Other Developments
In other developments, American officials and scientists continued their insistence that there is no reason to believe a Russian claim that parts of Sputnik I's carrier rocket have fallen on U. S. territory. Moscow radio and Communist party boss Nikita Khrushchev said the United States is refusing to return the rocket fragments.

Sen. Jackson (D-Wash.) called for construction of a U. S. fleet of 100 atomic-powered submarines capable of launching missiles. LEADER POLLED FOR U. S. SENATE

PHILADELPHIA (AP)—Pennsylvania Democratic leaders, responding to a poll by the Philadelphia Bulletin, almost unanimously named Gov. Leader as their preferred candidate for the U. S. Senate race next year.

The state party leaders also voted about 2-1 for Mayor Richardson Dilworth of Philadelphia over Lt. Gov. Roy E. Furman for the gubernatorial post that Leader must vacate next year at the end of his present term.

Leader collected 45 1-3 votes in the poll to name a candidate to succeed Sen. Martin (R-Pa.) who is retiring. A distant second was State Adj. Gen. Anthony J. D. Biddle with 3 1-3. State Sen. John H. Dent got 2 1-3. Dent is expected to seek the 21st congressional district seat vacated by the death of Rep. Augustine B. Kelley of Greensburg.

Dilworth received 28 1/2 votes and Furman 14 1/2 in the gubernatorial poll. The only other person to receive more than one first place vote was Dr. William McClelland, Allegheny County coroner, with 2

Bullets Suffer 80-64 Loss To Hofstra; Meet Villanova Tonight, Bisons Wednesday

Gettysburg College's cagers fell behind 23-7 in the first 10 minutes of play and could never catch up as they lost their opening game of the season 80-64 to Hofstra at Hempstead, Long Island, Saturday afternoon.

The Bullets opened the game with a zone defense but switched to the man-for-man style after falling behind and employed a pressing game much of the second half.

The flying Dutchmen saw their lead cut to 27-22 late in the first half by the scrappy Bullets but a run of seven straight points enabled the Dutchmen to hold a comfortable 34-22 lead at the half.

Gettysburg was held to but four field goals in the first half but showed vast improvement in the last half when they hit for 15. The Bullets landed only 19 of 55 attempts while the Dutchmen connected on 30 of 72 heaves.

Fine Foul Shooting
Both teams gave excellent performances from the foul line, the Bullets landing 26 of 33 tries while Hofstra converted 20 of 28. Bob Walsack, who topped the Bullets scorers, sank nine of nine free tosses and three field goals for 15 points. Also hitting in double figures for Gettysburg were Del Warfel and Jack Hathaway with 11 each. Frank Grzelecki and Warfel were the top rebounders with 17 and 15, respectively.

The Bullets freshmen also were beaten, dropping the preliminary 87-61.

Tonight both squads go to Philadelphia where they tangle with the strong Villanova teams. The varsity Wildcat game makes up a postponement from last Wednesday which resulted from the snow storm.

Bucknell comes here for a double-header Wednesday evening.

Shamokin Eleven Is Beaten 20 To 0

POTTSVILLE, Pa. (AP) — The Eastern Pennsylvania Scholastic Football Conference has two champions for 1957 — Cass Twp. and Scranton Central — and each will have to be satisfied with the tie in its own division.

Cass Twp., unbeaten and unscored upon, defeated Shamokin 20-0 Saturday to win the South Division Crown. Tackle Joe Hydock blocked an attempted Shamokin punt and the ball went out of the end zone for an automatic safety.

The tally came just 15 seconds before the end of the game. Both teams had reached the other's 10-yard line but were unable to score. Scranton Central, Northern Division champion, has been ruled out of a conference title playoff by school authorities who refused to extend the season beyond Saturday's closing date.

Lightweights Fight Tonight
The lightweight division rules the roost tonight with Kenny Lane, a foremost challenger for champion Joe Brown, boxing Luke Easter in San Francisco and Frankie Ryff facing Frank Ippolito in an all-New York bout at St. Nicholas Arena in New York.

The Ryff-Ippolito contest will be seen in some sections on DuMont TV.
Ryff beat Ippolito, a little over a year ago but he was stopped in his only two 1957 fights by Lane and Gene Butler Ippolito has lost his last two to Orlando Zulueta and Tommy Tibbs.

Yvon Durelle, that busy fisherman from Canada, takes on another free-swinging opponent Wednesday at Tampa in Jerry Luedee of New Haven. The bout tops a Rabe Zaharias Memorial Cancer Fund show.

Archie McBride, the Trenton, N. J., heavy, is globe-trotting to Göteborg, Sweden, for a Friday match with Ingemar Johansson, the European champion from Sweden.
Dick Richardson, the Welsh heavyweight who was beaten by Willie Pastrano, will try to get back on the right side of the ledger against Bob Baker of Pittsburgh on a Tuesday show at London.

The once-postponed Arthur King-Yama Bahama middle-weight scrap is set for tonight at Toronto.

COURT SEASON STARTING TO WEED 'EM OUT

By ED WILKS
The Associated Press

It's only the second week of play in college basketball, but already the tests are getting a little tough. This could be a make or break week for the likes of Kentucky, Cincinnati, Bradley, Purdue, and Indiana.

And it will give a better line for sure on Kansas State. Rice, Texas Christian, St. Louis, Temple and maybe even defending champion North Carolina and North Carolina State.

The only prospective powers who appear to have it easy are Kansas, Notre Dame, Michigan State and West Virginia.

Tough For Kentucky
The toughest job of all falls to Kentucky, which plays at Maryland tonight and then runs into St. Louis Saturday. The Wildcats are unbeaten in three, but look as though they can be had after fairly close calls against Duke and Ohio State, and then a three-overtime 85-83 decision over Temple. Maryland is 2-0 with a good defense, while St. Louis, showing sophomore strength, got off to a running start with a 96-41 victory over New Mexico A&M.

Cincinnati gets the big test tonight at home against Temple.

Bradley, the NIT champ ranked with St. Louis and Cincinnati as Missouri Valley kingly, scarce, used its regulars, led by Barney Cable, in its opener against Illinois Normal, and probably could do without 'em tonight against Arizona. But come Saturday, the Braves may have to hustle against Seattle and Elgin Baylor. Seattle opens against Portland State tonight.

May Be Late Entry
Purdue (2-0) may be a late entry in the Big Ten race after surprising Missouri 76-49. The Boilermakers may find out for sure tonight at home against Kansas State. The Wildcats (2-0) considered a possible threat to Kansas in the Big Eight, won at Indiana (usually tough at home) 66-61, but had to hustle to do it. Purdue plays at Nebraska Saturday.

K-State finishes the week at home to Iowa, which won its 77th consecutive non-conference game at home Saturday by whipping Arizona 80-63.
Indiana, judged a title contender along with Michigan State and Ohio State in the Big Ten, now is 0-2, losing both at home. The Hoosiers play at Missouri Saturday. Ohio State, beaten in overtime by Butler 77-73 (Michigan State cracked Butler earlier 74-55), also is 0-2 and meets Texas A&M in a regional TV game Saturday.

Rice Plays Tonight
Rice, here apparent to Southern Methodist's Southwest crown, meets Louisiana State tonight, while Texas Christian, pegged No. 2 in the race, tries Oklahoma City tonight and then meets Auburn in the first round of the Birmingham Classic Friday.

North Carolina, rapping Clemson 79-55 in its opener, now has won 33 straight. The Tar Heels go against George Washington tomorrow, Furman Thursday and then South Carolina in an Atlantic Coast Conference TV game Saturday.

ON ALL-STAR TEAM
NEW YORK (AP) — Players from three Pennsylvania schools were named Saturday to the Eastern College Athletic Conference All-Star Football Team. The selections were based on a tabulation of season long press box polls at games each week.

The Pennsylvania players are tackle Pete Williams of Lehigh, end Les Walters of Penn State and Pitt center Charles Bruckman.

LaSalle Captures Grid Title 19-6

PHILADELPHIA (AP) — LaSalle High School is the 1957 city scholastic football champion by virtue of its 19-6 win Saturday over Roxborough.

The Little Explorers, champions of the Catholic League, wore down their smaller opponents through the bruising efforts of fullback Jay Scott Maxwell, who scored two touchdowns in the last six minutes for the victory margin.

Tackle George Reistad of Roxborough, public league champion, was voted the game's most valuable player. It was the first time a losing player had received this award in the 20-year history of city championships.

EXTEND RACE MEET
BALTIMORE — A lot of records have been set by horses at Pimlico during the 87-year history of Maryland's pioneer race track, but after all that time it remained for a blizzard to put some interesting new statistics in the record book last week.

Baltimore's worst snow storm in more than a decade put the ponies out of action for two days on December 4-5, causing the present autumn meeting to be granted an extension of dates through Tuesday, December 17. It will be the latest horse racing ever run in the Free State. Pimlico had previously run 136 uninterrupted meetings.

CARLISLE HAS REBUILDING TO DO ON COURT

(Editor's Note: This is the first of a series of nine articles dealing with the basketball prospects of Southern Pennsylvania Conference teams for 1957-58.)

CARLISLE — Gene Evans faces a big rebuilding job in moulting together his Carlisle High School basketball team this year.

The veteran Green and White coach has only one starter back from last season. He is scrappy Wes James, 5-9 floorman and one of the smallest players in the Southern Pennsylvania Conference.

The only other letter-winner back for this campaign is Dick Eckert, a junior, who stands 5-11.

Mike Washington, 6-2, who was a starter when the 1956-57 campaign opened, will be available for the center position.

Untried Candidates

But after that Evans has nothing but untried candidates to round out his combination.

John Gibbs, 6-2, and Bill Dittenhafer, 6-0, are promising aspirants for starting berths, along with Melvin Hershey, 5-10, all of whom were understudies a year ago.

Up from the junior varsity are Ron Cromer, 5-10; Jack Fuls, 5-10; Paul Sollenberger, 6-3; Bob Lewis, 6-0, and Elmer Hodge, 5-9.

"The starting coming up looks as though it will be a long one for us, since we lack experience," Evans remarked in commenting about his prospects.

The schedule:

SOME WOULD PAY FARMERS TO GET JOBS

By SAM DAWSON

NEW YORK (AP)—The number of farms in the nation has been declining steadily. And today there are those who think Uncle Sam should speed the process by paying farmers to find jobs in town.

This is one of many schemes put forward to help Agriculture Secretary Benson grapple with the problem of huge farm production surpluses in a price-supported farm economy—and to ease the burden on the taxpayer.

Agriculture Department figures show the decline in farms has been running at around 150,000 a year. Many are absorbed into other farms, with the average size rising steadily and the farm population dropping.

Adjusting Family Farm
The National Industrial Conference Board, in a study issued today, says the trend toward larger farms reflects more intensive mechanization, which means greater output from fewer workers.

The Committee for Economic Development, in a study also issued today, says that the trend toward larger farms doesn't mean the family farm is on the way out, but rather that the one-family farm is being adjusted to modern technology and mechanization. It adds: "Corporation farms attract attention because in most places they are so rare."

Wage Group Finishes Hearings On Rates

HARRISBURG (AP)—A special committee set up to study minimum hourly wage rates paid to women and children in the restaurant, motel and hotel industries has completed its public hearings.

The group's executive committee is to meet in Philadelphia next Saturday to draw up its report and recommendations to Labor and Industry Secretary William L. Batt Jr.

At the final public hearing, here on Friday, Fred G. Sampson, executive vice president of the Pennsylvania Restaurant Assn. recommended new minimums of 50 to 75 cents an hour. The present minimums, set some 15 years ago, are 20 to 39 cents an hour.

MICKEY ROONEY ABLE TO WRITE HIS OWN TICKET

By BOB THOMAS

HOLLYWOOD (AP)—Twelve years ago, Mickey Rooney walked off the MGM lot at the end of his contract.

There was no ceremony. He didn't even get a gold watch for having once ruled there as the No. 1 attraction at the box office. He just packed his things and left.

Today, Mickey is negotiating with MGM to return to the lot—this time writing his own ticket. He'll return with his own production company to make "Andy Hardy Goes Home," bringing the famous Hardy Kid up to date.

Can Afford To Reflect
Basking in a newfound success, Mickey can afford to look back on those gray days of a dozen years ago and reflect.

"You have your ups and downs in the acting business," he commented. "When I left Metro, I was down. Nobody wanted to use me. It's a pretty tough thing to face, you know, after you've been on top."

But he faced it with his usual burst of energy. He did whatever pictures came along. Most of them were quickies, made by producers who were anxious to cash in on the Rooney name.

Fortunately, Mickey was still an entertainer, and when nothing was moving for him in Hollywood, he hit the road and played nightclubs.

The Big News
Now his career is in fine shape, thanks to the expert planning of his new manager, Red Doff. The big news is "Babyface Nelson," which Mickey made for his own company at \$275,000. It is grossing better than some multi-million-dollar films—stands to earn 3 million in this country alone.

He is also getting kudos for his recent performances in the film "Operation Mad Ball" and on TV for "Pinocchio." He'll undoubtedly be nominated for an Emmy for his hard-bitten comedian on Playhouse 90, matching his Oscar nomination for "The Bold and the Brave" last year.

The future?
Next year his personal appear-

\$25,000 and over in 1954 were only three per cent of the nation's total. But they produced 31 per cent of the farm products sold.

The Institute of Life Insurance notes there are now about 1½ million farm operators who work off the farm 100 days or more a year, compared with 700,000 in 1930.

Some New Plans
In addition to their off-farm pay, the farmers' income is being raised by pensions, interest on savings and other benefits.

Among ways to better the present farm policy, the CED advocates gradual reduction of price supports to zero and a new land retirement plan to help farmers move to other work.

This acreage cutting plan differs from Benson's soil bank plan by concentrating on getting whole farms out of production instead of just idling part of a farm.

The CED says the number of farms to be retired would be tied to the amount of existing farm surpluses at the time the plan takes effect. It would be aimed at farms returning the poorest incomes.

OFFICIALS DENY LABOR WAR IN TEAMSTER CASE

ATLANTIC CITY, N.J. (AP)—Both the AFL-CIO and the expelled Teamsters Union disclaimed any intent today of starting a labor war in the wake of the truck union's expulsion on corruption charges.

The giant Teamsters organization was ousted from AFL-CIO membership on Friday by a 5-1 voting margin of convention delegates.

The action came after AFL-CIO President George Meany charged the Teamsters have never lifted a finger to clean up allegedly corrupt conditions that have swirled around President-elect James R. Hoffa and other high Teamster bosses.

Door Still Open
But Meany said the federation's door will remain open for return

ances will be limited to some fair dates in the summer. He'll make some guest shots for CBS, to whom he is under contract, and perhaps start a new series in the fall. And he'll do a couple of movies, both for his own company.

of the Teamsters as soon as Hoffa is ousted.

"There is no plan at all for a war with the Teamsters and we hope it will never come," Meany said.

Hoffa said in New York, where he is being tried in Federal Court on wiretapping charges, the Teamsters intended to carry on as before, cooperating with whatever unions wanted to cooperate.

No Chips On Shoulders
Elmer O. Mohr, Teamsters administrative vice president, said here, "We don't intend to leave Atlantic City with chips on our shoulders—on the other hand we don't intend to play dead either, just because somebody doesn't like us."

Just how long the Teamsters remain ostracized from the main body of organized labor seemed to depend in large part on how Hoffa fares in his current trial on wiretapping charges, or pending federal perjury charges, and in a suit in Washington challenging his election to the Teamsters presidency.

The Washington case seeks to overturn Hoffa's election last October as Teamsters president, succeeding retiring Dave Beck. A federal judge has enjoined Hoffa from taking office until charges he helped rig his own election are decided.

Expulsion Cuts Membership
Exiling the Teamsters, with 1½

million members, cut down the AFL-CIO's over-all membership to 13½ million.

Just before the expulsion action Meany revealed Hoffa had tried to arrange peace conferences with him over a period of many weeks, but he said Hoffa always backed away from them. He said intermediaries had indicated Hoffa was willing to quit as a Teamsters official.

But Hoffa told newsmen in New York he never had intended resigning. "Why should I quit?" he asked.

Hoffa had been accused in Senate Rackets Committee testimony, along with Beck and other Teamsters chiefs, with misusing Teamster funds and his union powers, and associating with known racketeers.

Counterfeit Ring Gets Jail Sentence

NEWARK, N. J. (AP)—Four members of what police said was a \$100,000 counterfeit ring passing bogus \$20 bills in New Jersey and Pennsylvania have received jail sentences for their pains.

William Romeo, of Paterson, called the ringleader of the group, was sentenced to four years in prison yesterday by U. S. District Judge Thomas F. Meaney.

Meaney handed out 2-year jail terms to Richard Dragos of Newark; Joseph Abatte, Paterson, and

ADMITS HIRING WIRE TAPPER

NEW YORK (AP)—James R. Hoffa told a grand jury that he hired a professional wiretapper to install microphones in his Detroit headquarters, according to a transcript of his testimony before the panel.

Hoffa, president-elect of the Teamsters Union, is on trial in Federal District Court with two others on charges of conspiring here to have subordinates' phones in Detroit tapped to find out what they were telling official racket investigators.

The transcript, taken last April and read in court on Friday, showed Hoffa paid the wiretapper, Bernard Spindel of Holmes, N.Y., \$8,429 for the job and that Spindel showed Hoffa and Owen B. Brennan, president of Detroit Teamsters Local 337, how to operate the equipment.

Spindel and Brennan are co-defendants in the trial, which continues Monday before Federal Judge Frederick VanPelt Bryan.

Hoffa denied before the grand jury that he authorized the tapping of telephones in the Teamsters Detroit building, according to the transcript.

Concert Highlights Final Music Session

HARRISBURG (AP)—The Pennsylvania Music Educators Assn. Saturday wound up its three day sessions of clinics and seminars on music instruction.

Friday's highlight was a concert by the Arnold Elementary School band a 78-piece group of youngsters between the ages of 9 and 12.

The group delighted the 200-delegates with a 45-minute repertoire, which included rock 'n' roll, marches, a mambo and the second movement of Haydn's Surprise Symphony.

The Penn State Concert Blue band, the Cedar Crest College Concert Choir and the Lehigh University Glee Club and Brass Choir performed Friday night.

LANSING, Mich. (AP)—In Michigan it is now against the law to go water-skiing more than an hour after sunset.

It is also illegal to install a television set in an automobile so the screen is visible to the driver. The recent Michigan legislature enacted both laws as public safety measures.

James Lochleno of Philadelphia. Secret Service agents broke up the ring last spring. The four defendants pleaded guilty to counterfeiting.

INTERESTED IN ITALIAN PLAN

WASHINGTON (AP)—Secretary of State Dulles was reported keenly interested today in far-reaching Italian proposal to create a big 18-nation fund for long term development loans to Middle East countries.

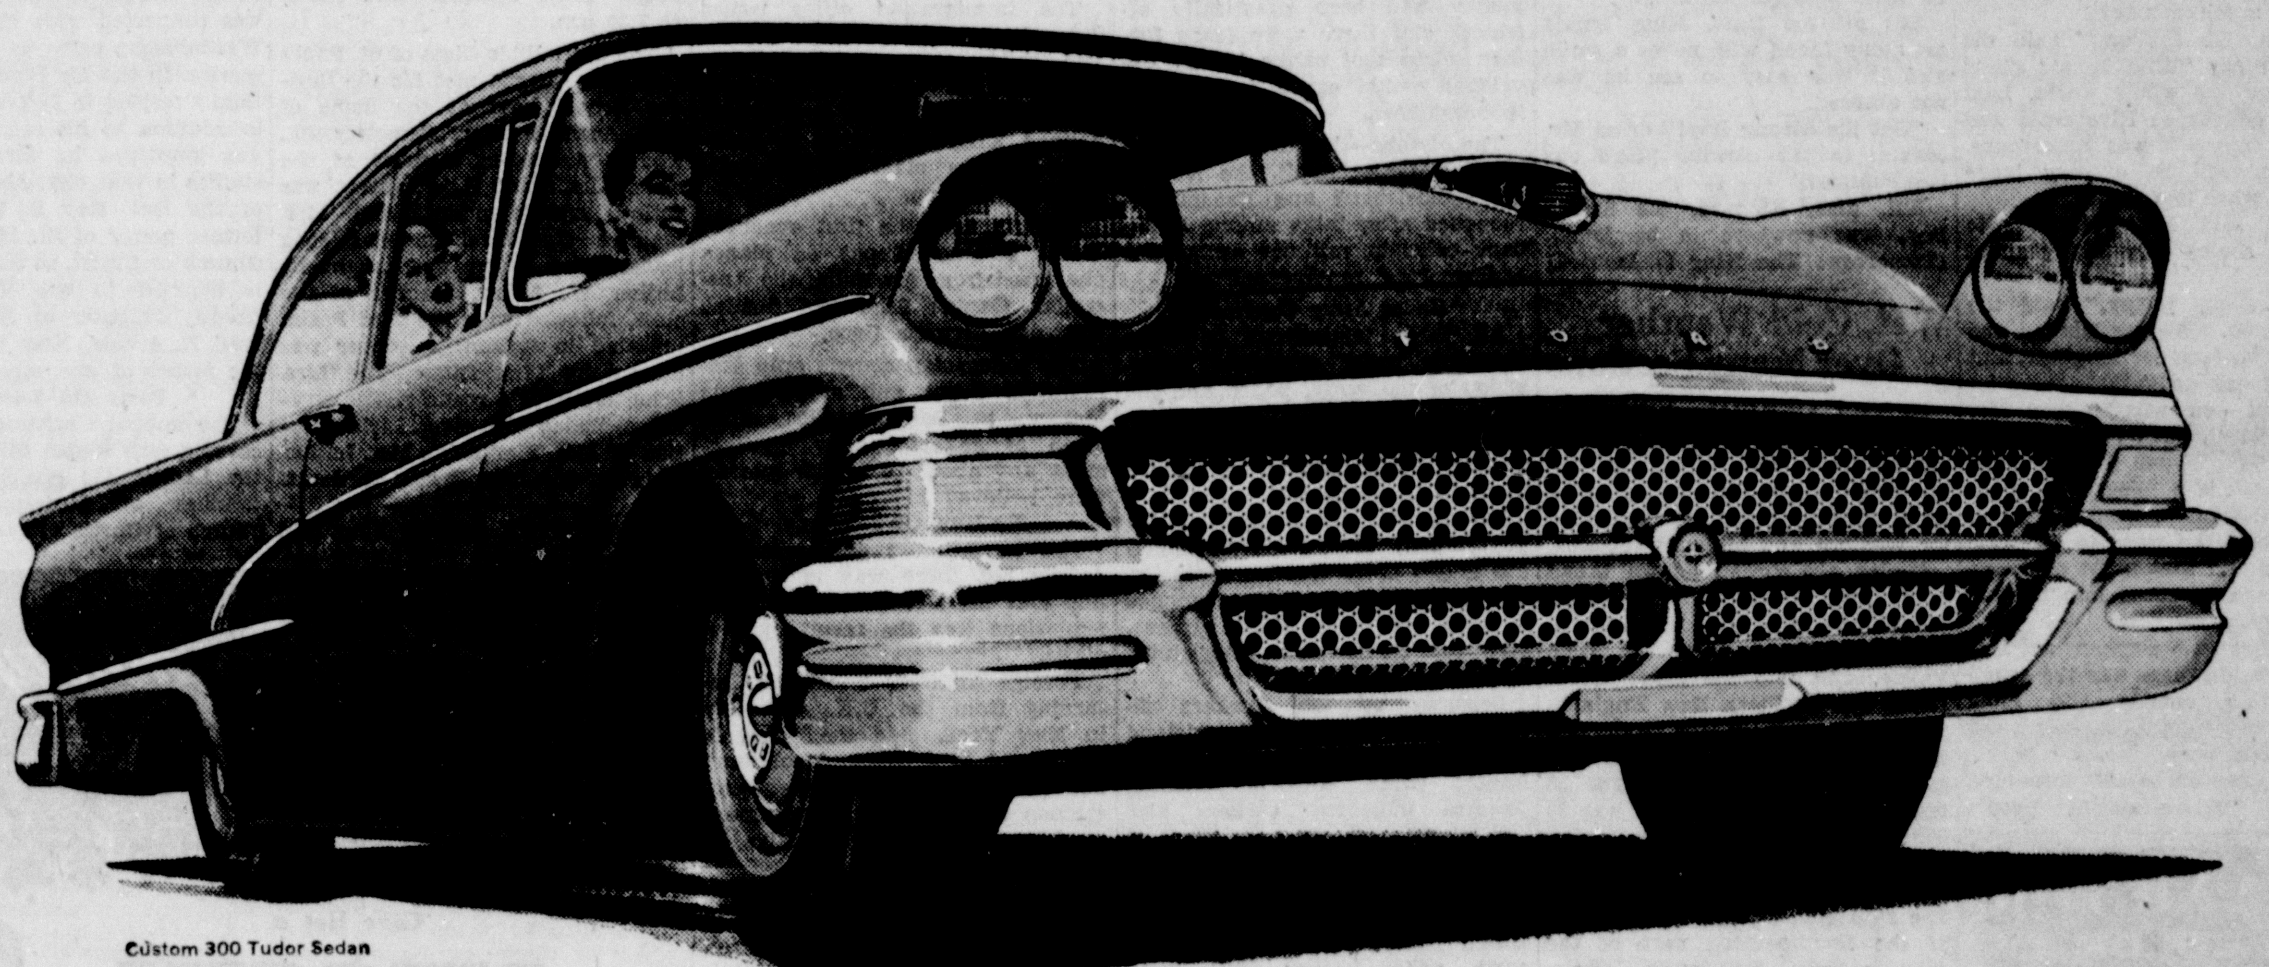

Italy's foreign minister, Giuseppe Pella, placed the plan before Dulles on Friday as a possible Western move to the Soviet economic penetration of the Middle East.

Dulles was understood to have pledged careful consideration of Pella's idea, the most ambitious one of its kind yet unveiled by any Western country. But Dulles reportedly made no firm promises to back it.

The most unusual feature of Pella's proposal calls for the United States to put Marshall Plan loan repayments from European countries into the special Mideast fund. Each European country, as it repays these loans, would contribute an amount equal to 20 per cent of such repayments as its share in the plan.

European nations which have no such Marshall Plan repayments to make would contribute to the fund independently.

SYNOPSIS: Hoping to find his way to Santa Land Prince Richard travels with Mr. Maxim's circus as the Strongest Boy in the World.

**CHAPTER FIVE
KING IGNATZ**

Night after night the circus played in a different town and before long Richard was far away from the Kingdom of Mitzenpoo. Never had he imagined there were so many kingdoms in the world. They travelled through Amapala and Mendooza and the Empire of Vundawa. They played in Helmsberg and Glendarrow and the Kingdom of Ballyshannon. They put on shows in Bacharach and Trinoon and the Principality of Kismoor.

Everywhere they went Richard asked, "Is this North? Are we near the North Pole?"

And everywhere the answer was the same, "Not yet. We'll get there by and by."

But the truth of it was they travelled in circles and zigzags and if one day they were closer to Santa Land the next day they were farther away.

At last they came to the Kingdom of Ketchikan where the cruel King Ignatz rules. The people in Ketchikan were grim faced and sad eyed and the children never laughed.

Mr. Maxim put up his circus tent but when the time came to start the show there was no one there to see it. So he took Richard and went into the town.

"Why does no one come to the show?" he asked the market men. "We have no money for shows or fun," replied the market men. "All our money goes for taxes to support the king."

In Mitzenpoo Richard's father had never taxed the people. He gave to the people. He never took from them. So now Richard asked in surprise, "Why does your king need so much money?"

"To pay his soldiers," said the market men. "King Ignatz plans to conquer the whole world. Last year he conquered Rivertania and the year before it was Kressmere. Ketchikan will be a very large kingdom when he finishes."

"Well," said Mr. Maxim. "No one here seems very happy about it."

"We are not happy," said the market men. "We are hungry and cold and we long for laughter. But what can one do?"

"I'll tell you what," said Mr. Maxim. "We'll put on a show free for you. Anyone can come tonight and the cost is nothing."

The market men were delighted. They passed the word to all their neighbors and that night everyone in the town squeezed into the big circus tent.

But just as the elephant act was about to begin there was the sound of shouting outside and King Ignatz and a troop of guards burst into the tent.

"What goes on here?" screamed the king. "Where do the people

get the money for shows and such? All money goes to me, the king!"

"Your majesty," said Mr. Maxim. "The circus is free tonight. We are giving it to amuse your people." "I do not want my people to be amused," shouted the king. "They are meant only to work and work and work."

He waved his sword angrily and his guards pushed and shoved and carried all the poor people from the tent. When they all had gone King Ignatz sat down and said, "Now amuse me, and if you don't amuse me I'll have all of you locked up."

So the elephants and the trapeze artists and the bareback riders and the clowns and the lion tamer put on their acts for the king. But all the time, King Ignatz sat stony faced with never a smile and it was easy to see he was not amused.

"Get the Strong Boy!" cried Mr. Maxim to the clowns. "He's our last chance!"

But, alas, Richard, the Strong Boy, was nowhere to be found. (Tomorrow: The King Is Amused)

**Wet, Cold Weather
Over Many Sections**

By THE ASSOCIATED PRESS

Wet and fairly cold weather extended over wide areas in the Eastern third of the country today as a warming trend was indicated for Western and Midwest sections. Cooler air spread across broad areas from Texas and the lower Mississippi Valley northeastward across Tennessee and the Ohio Valley, and into the lower Great Lakes and northern New England. Temperatures in the cool belt were mostly 10 to 20 degrees lower than 24 hours earlier. The 38 reading at Jackson, Miss., was 30 degrees lower than yesterday morning.

Rain and snow hit many areas. The rain belt extended over much of the Southeastern part of the country from the lower Mississippi Valley to the Atlantic Coast and northward to southern New England. Heaviest falls were in the Southern sections.

Dutch Start To Leave

The first major group of Dutch leaving in response to the Indonesian demand for evacuation of nonessential technical personnel was reported starting out Wednesday.

The immigration office issued 250 exit permits for men, women and children, including most of the employees of the KLM Royal Dutch Airline. The government banned KLM operations in Indonesia at the start of the anti-Dutch campaign.

Reports said the first evacuees would be moved out on planes chartered from Air India, the Australian Qantas Line and British Overseas Airways Corp.

The Indonesian army's only ammunition depot and small arms factory, in Bandung, 100 miles south of Jakarta, blew up last night and about 20 soldier guards were believed killed.

No Hint Of Sabotage

The government announced no details but there was no indication that the tremendous series of explosions was the result of sabotage.

Foreign Minister Subandrio, returning from the U.N. Assembly in New York, said the "door is not closed to a peaceful solution" between Indonesia and the Netherlands but that his government would not take the initiative in seeking it.

He added that Indonesia had tried four times to negotiate with the Dutch over West New Guinea and had been rebuffed each time.

Monroe J. Morelock, Mr. and Mrs. Walter C. Morelock Jr., Mr. and Mrs. David S. Kammerer Jr., Mr. and Mrs. Clinton O. Sentz, Mr. and Mrs. Robert J. Eckenrode, Mr. and Mrs. John R. Rudisill, Mr. and Mrs. Robert W. Gouker, Edgar A. Wolfe and Pius V. Pauteplis Sr.

The entertainment was in charge of David S. Kammerer Sr.; refreshments in charge of Lee Krout, and decorations supervised by James P. Hahn. Part of the auditorium was decorated for the Christmas holiday season. A large old fashioned iron pot, complete with a "kindling fire," served as a punch bowl. Alan Drake and his assistants occupied the stage, surrounded by musical symbols. Crepe paper was also used extensively in the decorations.

BLOOM BLASTS SHAPIRO ACTION

HARRISBURG, Pa.—George I. Bloom, Republican state chairman, has accused welfare Secretary Harry Shapiro of "playing politics with the mentally retarded children of Pennsylvania."

Referring on Friday to Shapiro's statement that legislative cuts are to blame "is a complete misrepresentation of facts."

"The General Assembly appropriated to the Selsgrove State

School the full amount recommended by the secretary of welfare," Bloom said in a statement.

"Now that it appears that secretary Shapiro believes he underestimated the cost of using the fullest new facilities, he is trying to pass the buck to the Legislature."

The Legislature appropriated about \$2.3 million more for Selsgrove this biennium than was spent in 1955-57, Bloom said. Since the new addition has been idle for the first six months of the biennium, he added, actually all the increase can be expended in the next 18 months.

As soon as baked custards are ready to come from the oven, they should be removed from their hot water bath and surrounded with cold water.

However, the programs also serve the useful function of opening up a useful outlet for surplus food and milk supplies—in the

SCHOOL LUNCH PROGRAM GIVES FARMERS BOOST

By RICHARD L. GRAVES
HARRISBURG (AP)—Pennsylvania's expanding school lunch and milk programs give a boost to the state's farm economy in addition to giving direct aid to youngsters.

The prime objective of the programs is to provide school-age youngsters with an inexpensive supply of food and milk at their schools.

The main reason would be, Zehner said, that school districts could afford to serve a one-third quart container of milk with a regular 25-cent school lunch at no extra cost over the present half pint.

They now get for the same price.

The federal government has allocated more than \$2,600,000 for

case of milk—providing a first-rate means of promotion.

At present more than 5,400 schools are participating in the programs, said Clyde A. Zehner, supervisor of the plan for the Commonwealth.

He said present indications are that youngsters will consume at least 150 million half pints of milk during the 1957-58 school year.

"If the present proposal by the Milk Commission that milk be made available in one-third quart containers is adopted there is every indication that milk consumption in the schools will be greatly increased," Zehner said.

Each dollar of federal funds used by the state must be matched by three dollars from sources within the state. The matching funds pay up to a maximum of three cents on a half pint of milk.

The difference between that and the total price fixed by the Pennsylvania Milk Control Commission is paid by the pupil.

In Pennsylvania the jump in food and milk consumption over the 1956-57 school year has been about 10 per cent and the increase over the 1955-56 school year has been nearly 50 per cent.

SEDALIA, Mo. (AP)—Tom Ireland celebrated his 92nd birthday yesterday by going for a ride on his bicycle. He rides the bike downtown and back every day. Essentially, it's the same bike he had since 1900. Wheels, tires, brake and seat have been replaced from time to time.
